

FALLING

I just want to hold you tight
Be with you all through the night
I can say I love you so
Ooh...I won't let go

I could be a friend to you
Share our lives, make dreams come true
Walk together hand-in-hand
Ooh...on that golden sand

CH Should I stay and fall
 Should I ask for more
 Take my chance this time
 I'm falling
 Falling for your love

Do you feel the same way too?
Making love, just me and you
Together we can make it last
This time, it won't slip past

CH

M8 I've waited oh so long
 To find a love that's strong enough
 Go down the road that's far enough
 Make a life that's good enough for you and me
 Catch me I'm falling
 Won't you catch me I'm falling
 Catch me I'm falling

M8 (Repeat and fade)
