

## GIFT OF LIFE

Moments, sweet moments  
There's nothing can shine  
Like brand new life

Baby, sweet baby  
The very first time  
We heard you cry

CH From now on love will lead  
Sunshine's meant to be free  
This precious gift of life  
We give to you

Each moment, we hold you  
Forever enough  
To share your love

In springtime, as you grow  
Remember the days  
The child we raised

CH

M8 Looking out over the years  
Making life with joyful tears  
Reliving a mother's hopes, a father's dreams

Each person is special  
Needs all the love  
A heart can give

Each new day, brings new life  
Forever to shine  
Time after time
