

LIKE THE FIRST TIME

Look up to the sky
How far away
The mystical hue
So blue some days
You're mine to hold
Forever more

CH Just like the first time
I ever set eyes on you
Longed for the next time
To make my dreams come true
Like a fox on the run tonight
I'll follow that star so bright
This is the last time
I'll be loving any but you

The sounds of the waves
Rush to the shore
The soft velvet foam
On sand endures
You're mine to hold
Forever more

CH

M8 The more I think of you
The more I want you
This feeling deep inside
Can't live without...you

Run through the trees
Race with the wind
The flowers in bloom
Bouquet to send
You're mine to hold
Forever more
